Deciding what to do after completing your advanced degree? Consider McKinsey.

We bring together an outstanding group of colleagues, from a wide variety of backgrounds – from medicine to law, engineering, economics and digital – to help leading organizations tackle their most complex challenges. We have long been a leader in strategic management; the amount of work we are doing in areas such as data science, software engineering, machine learning, corporate restructuring, and change management is growing rapidly. As our firm evolves, we are looking for more people like you – experts in their fields – to join our community.

We welcome you to learn more about exciting programs and roles available to you at McKinsey, including a weekend experience at Insight 2018. Join us this spring online or on campus to meet our people and explore these opportunities.

• **Event:** UMN on-campus info session at UMN
  
  **Date:** March 23rd, 2018

  **Location:** Laukka Conference Room, McNamara Alumni Center, 200 SE Oak Street, Minneapolis

  **Time:** 4:00-5:00 pm CT

  **If you are interested in attending the session, please RSVP at:**
  [https://www.surveymonkey.com/r/UMINN18](https://www.surveymonkey.com/r/UMINN18)

**Virtual Events**

This spring we are hosting several web-based presentations to help graduate students learn more about McKinsey & Company, our recruiting process and our global full-time and summer opportunities. Please visit the [Online Events](https://www.surveymonkey.com/r/UMINN18) section of our website for details on these presentations and to RSVP.

**Insight 2018**

If you are excited to learn more about McKinsey and management consulting, please consider Insight, a weekend-long exploratory program just for advanced degree candidates. With three separate programs this year, you have options that match your availability and interests. Please visit our [website](https://www.surveymonkey.com/r/UMINN18) for details, program dates, and what you need to apply by our application deadline of Sunday, April 8, 2018.

**Global Opportunities**

Are you an international student interested in making a difference in your home country? Are you
passionate about developing markets and interested in working at one of the McKinsey offices outside of the US? We would like to invite you to our ‘Go Global with McKinsey’ International networking reception on **Friday, April 20th in New York City**. To express your interest in attending, we kindly ask you to submit your CV and transcripts on our [website](#). Please include your language fluency and office interests as directed. The deadline to register is Sunday, March 11th.

**New Ventures**

New Ventures is a recently formed part of McKinsey focused on fostering innovations driven by analytics, design thinking, mobile, social and other technologies and integrating them into our client work. It is a foundation for - and expands our investment in - our entrepreneurial culture and is transforming the Firm.

As one of the fastest-growing parts of McKinsey, New Ventures has more than 1,000 dedicated professionals globally and is continuing to grow, especially in our Solutions. Our 35+ Solutions deliver McKinsey thinking through both software technology and specialized analytics teams and they are collectively redefining what it means to be at McKinsey. We are hiring globally for a wide variety of roles including data analysts, data scientists, software engineers and specialists.

The deadlines to apply are in October 2018. Please visit our [website](#) for more information.

**Dropbox**

Learn more when you have a moment! Check out additional content in our Advanced Degree Recruiting Dropbox anytime to read up on our many opportunities for APDs, including our 3-day summer Insight programs and full time roles for 2019, including the MD Fellowship. You can quickly download the app for your phone or access on your computer.

**Women’s & Diversity Recruiting**

We aspire to be recognized as the best professional services firm in the world for all candidates, regardless of race, gender identity, sexual orientation, or background. We began studying the importance of gender diversity over a decade ago and have since published more than 20 reports on women in leadership and the economy. We’re excited to share the second report in our diversity series, **Delivering through Diversity**. To learn more about McKinsey Women, please view our women’s brochure. Additionally, we invite you to join us for a few of our upcoming diversity specific web based presentations scheduled in March.
A note from Aashay Shah

Associate at McKinsey Minneapolis
University of Iowa PhD, Pharmaceutical Sciences, ‘15

If you’re like me, you may have never previously considered a career in consulting! However, after meeting with several McKinsey consultants, I realized that I could apply my research skills acquired during my PhD, in a broader setting. In my time at McKinsey, I have been able to leverage my core PhD skillset of technical expertise and general problem solving to serve leading companies on their pressing issues. I encourage you to take this opportunity to get to know us better. I hope to meet you on campus in the upcoming months!
